

E-mail Service Options from LGC

OPTION 1— LGEdge

The LGEdge is a full featured e-mail collaboration server that resides in your office.

It Provides:

- ✓ E-mail personalized to your organization rather than a “generic” e-mail address (Gmail, Hotmail, Yahoo, etc)
- ✓ E-mail virus scanning and spam filtering
- ✓ Connect to e-mail via Microsoft Outlook or other clients
- ✓ Shared documents & calendars
- ✓ Access from anywhere with the same interface
- ✓ Mobile device access (some restrictions apply)

LGEdge Also Provides:

- **Firewall Protection**
- **Content Management**
- **Proxy Server**

OPTION 2— LGC’s Hosted E-mail Service

LGC offers a Hosted E-mail Service for organizations who need 5 or less e-mail addresses.

This Service Includes:

- ✓ Up to 5 gigabytes of e-mail storage per e-mail address
- ✓ Connect to e-mail via Microsoft Outlook or other clients
- ✓ E-mail personalized to your organization rather than a “generic” e-mail address (Gmail, Hotmail, Yahoo, etc)
- ✓ Spam filtering
- ✓ Mobile device access (some restrictions apply)

Both LGC’s **LGEdge E-mail Server** and **Hosted E-mail Service** will allow you to archive e-mails in order to comply with the Tennessee Public Records Act.
