# LGC NOW OFFERS:

# COUNTER PAYMENTS

## *Integrated Countertop Payment Solutions For Your Office!*

# WHY YOUR OFFICE SHOULD CHOOSE LGC

**Automation** - Our counter payment solution integrates with LGC's NextGen Software

**Low Rate** - 2.5% rate

**PCI Compliant** - Developed with industry standard security practices in mind

**New Technology** - Programmed to work with newer card reader technology, to help prevent fraud and protect your office

## DID YOU KNOW?

⇒ The magnetic stripe on older credit card swipers contains all the financial information necessary to make a purchase. It's an easy target for scammers. If scammers get into your system, they can copy the customer's information and make duplicates of that card very easily.

# UPGRADE YOUR COUNTER PAYMENT HARDWARE

## New Generation Terminal

**PAX A80** *(pictured right)*

- Portable option (with WIFI/ Bluetooth Connectivity)
- Built-in camera
- High definition 4-inch touchscreen display
- Contactless payments
- Chip & Magnetic card reader
- Fast thermal printer
